

RHINO CUT 5 GLOVE

Like its namesake the Rhino glove provides durable hand protection and supreme cut level 5 resistance, without sacrificing dexterity. Its full leather palm provides extra protection against punctures and rough surfaces. The Rhino glove is suitable for applications where high cut resistance is required.

FEATURES & BENEFITS

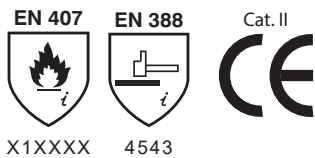

- Cut level 5 protection
- Leather palm on 10g seamless HPPE/high performance synthetic fibre shell for added resistance to cuts and punctures
- Heavy duty with high dexterity
- Resistance to contact heat rated to level 1
- Excellent abrasion resistance
- Effective for wet grip

APPLICATIONS

Suitable for industries such as agriculture, building and construction, glass handling, metal fabrication, steel handling, maintenance and timber handling

MATERIAL

10gg HPPE shell and Lining
